From: Cynthia Gilchrest, Director of Elementary Education
Dr. Susie Da Silva, Principal, King's Highway Elementary School
Kim Ambrosio, Literacy and Math Resource Teacher

The 2013-14 school year began with the implementation of 5 day full day kindergarten and new instructional minutes guidelines for our elementary program.

Both new programmatic changes have been successful to date. I am providing you with the results of an interim survey that Kindergarten teachers participated in, the major themes Kindergarten teachers addressed when I met with them in building focus groups, and their recommendations to enhance the program. In addition, we have been collecting anecdotal information from teachers on our new instructional guidelines and the integration of ITL.

In late Spring, we will re-administer the survey to Kindergarten teachers and parents will be surveyed as well.

Dr. Da Silva, Kim Ambrosio and I will present the update on the changes to our elementary program at the Board meeting on December 16th. All the elementary principals will be present as well, to answer any questions you may have.

An Interim Report on Full-Day
Kindergarten and the
Implementation of Instructional
Minutes Guidelines

Westport Public Schools
December 16, 2013

Objectives:

- To examine the effectiveness of the full day kindergarten program
- To review the implementation of the new instructional minutes guidelines
- To make recommendations to further enhance the elementary program

Kindergarten Teacher Survey

88% of teachers agree that the parents of our kindergarten students are supportive of the five full day program.

Building Focus Groups

Purpose:

- To gather specific feedback and anecdotal data from kindergarten teachers to determine the effectiveness of the full day program
- To gather teacher recommendations for enhancements to the full day kindergarten program

Building Focus Groups

Transition Period

- Two week extended day schedule
- Phase-in to full day
- Include specials during transition period

Building Focus Groups

Scheduling Highlights

- Morning literacy block
- Daily choice and/or extra recess time
- ITL Collaboration
- Consistency of five full days (increased stamina and less confusion for students)

Building Focus Groups

Student Achievement

- Academic improvement, especially in writing
- Increase in stamina
- Increase in academic demands due to CCSS

Building Focus Groups

Recommendations

- Add .5 FTE paraprofessional to each building, to increase Kindergarten paraprofessional time from 90 minutes to 165 minutes daily.
- Consider adding one music class weekly
- Implement a screening session prior to starting kindergarten
- Continue transition phase at start of school year

Summary

- Teachers and administrators agree that the implementation of full day kindergarten has been successful, and our students are benefiting from the program

Review of the Implementation of the Instructional Minutes Guidelines

- Literacy blocks increased from 90 minutes to 120 minutes: Necessary to incorporate all components of Balanced Literacy and new Writing Curriculum
- P.E. reduction of 5 minutes per class in grade 5: No negative impact to students
- ITL: The integration of ITL has provided authentic learning opportunities for our students

Review of the Implementation of the Instructional Minutes Guidelines

- Social Studies and Science: Most effective when integrated within ITL and other content areas due to time challenges
- Social Skills: The scheduled, structured time allows for lessons that support our school and district climate goals
- Math Block: The consistent math block has solidified time for the implementation of our Singapore Math program

Summary of Instructional Minutes

Guidelines

- Teachers have shared that the integration of ITL has been successful and has provided authentic learning opportunities for our students
- Teachers have more instructional minutes without a negative impact on their students
- Teacher teams continue to collaborate around the integration of ITL, science, social studies and other literacy work to better utilize instructional minutes

Instructional Minutes

Guidelines

Recommendations

■ Review impact of:

Pull-out instrumental lessons in grades 4 and 5;

Program enhancements outside of the

Westport Public Schools curriculum

■ Increase paraprofessional support at each elementary school by .5 in the LMC

Subject: School Food Services
Date: December 16, 2013

Frank Rupp, our Director of Food Services, will be presenting a detailed overview of the food services program in the Westport Public Schools at the Board of Education meeting of December 16. He will be joined in his presentation by Suzanne Levasseur, District Supervisor of Health Services and David Gusitsch, K-12 Department Chair for Physical Education and Health.

Our food services program provides healthy and well-balanced meals, a la carte items and alternatives to students on a daily basis. Heavily invested in the program as active participants are our District Supervisor of Health Services and our K-12 Department Chair for Physical Education and Health, both of whom are committed to providing our students with healthy meals and alternatives during the school day. We are indeed fortunate to have three such highly trained persons on our staff who are dedicated to providing healthy living experiences for all our students.

I have appended to this memorandum menus for our food service offerings at the elementary, middle school and high school levels for the entire month of December in preparation for the presentation on Monday evening.

Subject: Teacher Recommendations for Private Schools, Summer Camps, and
Special Education School Placements
Date: December 16, 2013

There have been several inquiries made about Board of Education Policy P5125 and the accompanying Administrative Regulation, the latter of which states:

Student Records

For reasons related to : (1) consistency in providing information and (2) ensuring that documents sent to receiving private, parochial or other public schools have been seen previously by a parent or guardian, it is the policy of the Westport Public Schools that for all students, K-12, only official health records, cumulative report card information, report cards and student records are to be released to such receiving schools.

Separate teacher recommendations are not to be provided to such private, parochial or other public schools.

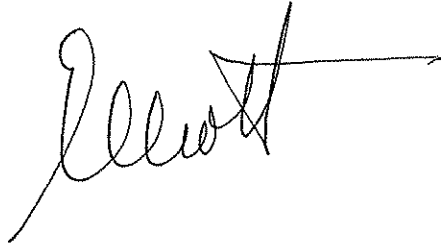

Student records are to be sent to receiving schools only after written permission from a parent or guardian of a student has been received in the school office.

This Regulation was created at the request of teachers and building principals for the reasons outlined below:

1. The numbers of requests to teachers from parents for written recommendations for non-school system related activities had become excessive, including activities such as day camps, dance academies, teen tours, and summer sports academies.
2. Transfers to public schools do not require teacher recommendations. The new school receives the complete educational record of the transferring student. The same procedure is used for students transferring to private schools.
3. For issues of liability, special education students do not receive teacher recommendations for school placements outside of a Planning and Placement Team (PPT) determination. These recommendations are made only when the specific elements of the student's IEP cannot be met by the Westport Public Schools. The PPT recommendation is limited to those issues. To provide recommendations only for non-identified students would be discriminatory.

Some have suggested that the burden be placed upon each teacher individually to make the decision as to whether to voluntarily provide non-school related recommendations for admittance to private schools, summer camps, out-of-school activities, and the like. That suggestion has been rejected in the past because it places an unnecessary burden upon teachers and creates inconsistencies in the ways teachers may treat identified and non-identified students. For this reason, voluntarism has been rejected as a possibility by teachers and administrators equally.

This matter appears upon the Board of Education agenda for the meeting of Monday, December 16 for discussion purposes only.
